CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

JAILER'S MESSAGE

The Campbell County Detention Center and the Campbell County Fiscal Court are excited about the opening of the new 256 bed addition. In early May, 2007, the new section was opened ahead of schedule. This is a rare occurrence for any construction project. An open house was held on May 8, 2007 for the public to visit and inspect the facility.

The new addition is a direct supervision facility which is the first in the whole state of Kentucky. This type of operation requires fewer staff to supervise inmates in a dorm like setting. One deputy per shift is assigned to each dorm of 64 inmates.

Our Restricted Custody Center is also based on direct supervision. The inmates in this center are low level Class C and D felons. The main jail addition houses inmates based upon behavior. To be housed in one of our new dorms, inmates who were previously incarcerated must have a prior history of good behavior, current good behavior and/or not be charged with a serious crime of violence.

Our new facility is a four dormitory structure. Each dormitory has its own laundry facility. Inmates are required to do their own personal laundry, maintain their own living space and must comply with more structured rules. Each dormitory also has its own medical room, video visitation booths and recreation yard thereby reducing the amount of inmate movement. The services are brought directly to the inmate.

We are very excited about our new innovative jail. This facility provides ample space for our county inmates and we hope will meet our needs for many years to come. We are in contact with other agencies making arrangements to house other facilities' inmates in any open beds to reduce the tax dollars needed to sustain the facility. Our ultimate goal is to reduce daily costs of operation for the citizens of Campbell County and to reduce the daily costs of operations under this innovative concept.

GRAND OPENING

Pictured above left to right: Commissioner **Mark Hayden**, Jailer **Greg Buckler**, County Judge Executive **Steve Pendery**, Commissioner **Dave Otto**, and Commissioner **Ken Rehtin**

The completion of the fourth phase of a master plan implemented to meet the future needs of Campbell County's growing inmate population was partially completed in April, 2007. An open house of the 256 direct supervision addition was held on May 8, 2007 for the public to inspect the new facility. Inmates were moved into the dorms early in May, 2007.

Direct supervision is an innovative style of monitoring inmates. There is one deputy jailer housed in the dormitory style room. This type of construction is less expensive to build. It also is cost effective for salaries. This facility is twice as large as our Restricted Custody Center which was built on the same concept.

The new addition also utilizes the concept of less inmate movement. Programs will be brought directly to the inmates in each dormitory. This lack of movement again means less staff to supervise a greater number of inmates.

CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

DIRECT SUPERVISION

Pictured to the left is a typical dormitory style room. Inmates housed in this area are of minimum to medium classification. They must adhere to strict rules including set times to be out of their bunk with their bed made. Inmates are responsible to maintain their living space by sweeping, mopping and all over clean-up of their area.

MEDICAL ROOM IN EACH DORM

Each dormitory has a dedicated medical room where services are brought directly to the inmate. All physician prescribed medications are distributed from a window in the medical room. Each room has a medical bed and the same accommodations found in our medical unit. By bringing medical services to the inmate, it causes less movement and reduces the need for additional staff.

LAUNDRY FACILITY

The dormitories have a washing machine and a dryer installed. The inmates are provided with individual laundry bags for their personal items and are responsible to launder these items. Soap powder is provided to the inmates. The uniforms continue to be laundered in our main laundry facility.

HIGHLIGHTS OF REVENUES

- The Kentucky Department of Corrections Board Bills for 06-07 Fiscal Year brought \$1,372,733.14 in revenue to our facility for housing state inmates (including medical). This is an increase of \$70,413.74 from the previous year.
- Billing and charging fees to county inmates for their incarceration provided \$168,400.45 in revenue which was applied to the operating budget of the jail. This is inclusive of booking fees (\$30.00 administrative processing fee each time someone is booked into our facility, excluding state inmates), per day rate (\$20.00 per day for county and unsentenced inmates), medical expenses (actual charge for outside of facility treatment), and other miscellaneous charges.
- Phone commissions and sales provided \$154,468.98 in revenue for the 06-07 Fiscal Year. This is an increase of \$36,214.21 from the prior fiscal year.
- Total revenue information provided applied to the jail budget –

The figures above reflect the actual amount received for the month of housing. The amount paid is often less than the amount billed because of missing information in the state's system. We have been working with KDOC and Probation and Parole to remedy this problem. A rebill is sent to KDOC for any charges removed the prior month.

GROUP TOURS

The Campbell County Detention Center is always willing to provide tours of our facility to various community groups. The tours are conducted by Administrative Personnel. A history of the facility is initially given followed by a tour of the secure and unsecure areas of the jail.

We feel it is important to provide this service to civic leaders of our community. It helps to promote a better understanding of how our day to day operation works.

Listed below are some of the groups which were shown around our facility during this past fiscal year.

The Kentucky Department of Corrections pays \$30.94 per day for housing state inmates. Inmates are the county's responsibility until they are sentenced to state time. Inmates sentenced to serve county time, usually 365 days or less, are billed \$20.00 per day. These fees are in line with Kentucky statutes.

CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

GED STATISTICS

Inmates are provided the opportunity to attend classes and test for their GED regularly at the Detention Center. Inmates are instructed by Gene Dobbs, Program Director. Inmates are regularly pulled from their cells to attend classes. From the period of July 1, 2006 through June 30, 2007 there were 534 inmates involved in GED classes.

It is our hope that by providing this opportunity to inmates, we are giving them a better chance for gainful employment and successful lives after their release from custody.

TOTAL COSTS OF INSTRUCTOR AND TEST FEES - \$12,289.00.

TOTAL MOVEMENTS FOR GED PARTICIPATION - 534.

From January - June, 2007 there were a total of 22 inmates tested of which 10 received their GED.

EXODUS MEETINGS

The Northern Kentucky Interfaith Commission and the Mental Health Association of Northern Kentucky joined forces to sponsor Exodus. Inmates may request a visit with Exodus to discuss their present and past life situations.

During the 2006-2007 Fiscal Year, Exodus met with 301 individuals.

AA MEETINGS

There were 1,869 direct alcohol related charges for inmates booked into our facility during the past year. This is the equivalent of 6 percent of all total charges of 11,206. AA meetings are regularly offered to inmates in our facility. The meetings are offered to all individuals regardless of their charges.

During the 2006-2007 Fiscal Year, AA meetings were attended by 1,708 inmates.

CLERGY VISITS/CHURCH SERVICES

Several church affiliated groups visit our facility to offer bible study groups. All inmates are invited to attend.

During the 2006-2007 Fiscal Year, church events were attended by 2,090 inmates.

CAMPBELL COUNTY DETENTION CENTER WEBSITE

A goal set by Jailer Greg L. Buckler this year was to provide the community with a website for the jail. Training was received through Kentucky.Gov and with high anticipation, our website is up and running. The following is a link to our website.

<http://www.campbellcounty.ky.gov/ccdc>

We have prepared this site listing information that is of interest to the general public. The history of the Campbell County Jail as well as facts about the jailer is informative. Job opportunities are available at our facility and the jail's employment application is located online.

Many of the general public have little or no knowledge about corrections and the website is provided to give general information about jail operations including but not limited to visitation, phone cards, funds and frequently asked questions.

Another important feature of our website is a listing of current inmates. This is updated daily, Monday through Friday. The information available includes their photo, the booked date, current charges, bond information, arresting agency, the disposition of the charges and if sentenced, the length of the sentence.

Some interesting statistics show that during the period of May 30, 2007 through July 1, 2007, approximately a 30 day period, there were 4,688 hits to our website viewing our listing of current inmates. There were 2,946 hits on our general information.

There is also an area where you can contact jail employees through email who are knowledgeable in many areas and can assist with questions. Due to a recent ad for employment, we noticed a significant spike in visitors to our website in mid June 2007.

Our goal is to continue to add and to improve to our website. It is a work in progress and we hope to provide our county with an informative site.

CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

VIDEO VISITATION

When construction of the new facility began, we realized that with increased inmate population would make the way we did visitation obsolete. Plans were made to move ahead and eliminate the need for inmate movement throughout the jail. Inmate movement requires more staff. With video visitation, the visitor sits in the lobby at a video booth with a handset to talk to the individual. They see each other through a computer screen.

The visits are still 15 minutes in length, but visitation is now held every day of the week. Inmates receive at the minimum of one weekend visit and one weekday visit. Inmates located in the new dormitory section, receive an additional weekday visit.

CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

Visitors in the lobby must be respectful to everyone and keep their voice level down. We do not tolerate any antics or inappropriate actions by either visitors or inmates. If at any time during the visit it is noted that something inappropriate is happening, the visit may immediately be terminated and the visitor may be barred from our facility.

The Restricted Custody Center is not included in the video visitation. Inmates at this facility have one hour long contact visits on Wednesday, Thursday, Friday and Saturday.

Every visitor is logged into our jail management system for an accurate accounting of the inmate's visits and the visitors.

With the new visitation schedule which includes additional days and extended hours, it was necessary to hire a full time visitation clerk to manage the visits.

INMATE MAIL

Inmates and their families correspond through regular U.S. mail. All outgoing mail from inmates is processed and mailed from our facility. This mail is uncensored. All indigent mail is stamped by a deputy prior to mailing.

Incoming mail is processed through the office. All mail, with the exception of any legal mail, is opened and reviewed prior to distribution to the inmates. Any mail with items considered inappropriate may be returned to sender with an explanation of what is not allowed. Mail with contraband may be retained for evidence.

The Detention Center began tracking mail received and distributed to the inmates beginning in December 2006. The information we track includes the name of the inmate as well as the name and address of the sender. Each item is input manually into our jail management software. This process is time consuming, however, is necessary to provide adequate security.

Listed below are totals of mail received and distributed to inmates.

Bills are regularly sent out to released inmates regarding the balance owed to the Detention Center. Although the amount received compared to the amount billed is insignificant, the expense of mailing bills certainly justifies continuance of our practice of billing inmates.

The Detention Center is making it a priority to research and secure collection procedures in an effort to increase recouped funds for the county.

During the 05-06 fiscal year we received \$36,318.08 from bills. A total of \$39,794.83 was secured for the 06-07 fiscal year.

STAFF INFORMATION

With the anticipation of the new bed addition, we realized there would be need for additional staff to maintain a safe and secure facility.

Training Officer

Mike Ethridge was hired in January, 2007 as a training officer with the rank of Captain. He began his career in corrections in 1980 for the Kentucky State Reformatory. He began working for the Division of Corrections Training in 1988 and continued in that capacity until 2004.

Corporal

These positions were created to assist the Sergeants and to fill a need in our passive booking area. All Corporals were promoted from within from the rank of Deputy Jailers.

Data Entry

Non sworn personnel were hired to assist in passive booking putting essential information into our jail management system.

Deputy

It was necessary to add an additional 25 deputy jailers to the staff due to the new bed addition.

Classification Officer

An additional position was created due to the increased inmate population. The Classification Officer was promoted from the rank of Deputy Jailer. There are currently 2 classification officers.

Maintenance Supervisor

This position was added due to our larger facility and the need for upkeep and maintenance of both the main jail and the Restricted Custody Center.

Academy Training

Captain Ethridge coordinates a training academy which consists of 2 weeks of classroom training and one week of hands on training for all new deputies. The classroom training has many different officers of the jail providing valuable information to trainees. All trainees receive firearms training as well as first aid training during their classroom session.

INMATE COURT DATES

8,860

The inmate court dates listed above include Circuit Court, District Court hearings and arraignments. Each court date requires movement of inmates to either video arraignment or an actual court appearance. For the Circuit Court docket, the inmates are prepared for transport by the Campbell County Sheriff's Department. Inmates for video arraignment are transported by the Detention Center staff. All inmates are pulled for bailiffs to transport to the District Court for hearings held at this location.

SOUTHERN HEALTH PARTNERS

The Campbell County Detention Center entered into a contract with Southern Health Partners to provide 24/7 medical services to our inmates.

Southern Health Partners has been in business since 1994 and currently provide health services to more than 100 jails in 11 different states. They provide a full service program commencing with the booking and physical placement of inmates into the jail.

There are many benefits to the county for using this service. Of significant importance is a better accountability of medical services. Southern Health Partners recruits and maintains salary and benefits for all medical staff. They are able to provide low cost supplies and pharmaceutical items.

Southern Health Partners participates in our academy training giving valuable lessons and experiences to newly hired staff.

Another benefit for using this service is the liability insurance.

All inmates being housed at our facility receive a medical screening. This is to determine their medical condition upon entry into our facility.

Pharmaceutical costs prior to Southern Health Partners for the period of July 2006 – March 2007 averaged \$18,418.70 per month. We are happy to report a significant decrease in pharmaceuticals by Southern Health Partners.

Our goal is to provide adequate medical services to the inmates while being financially responsible to the county taxpayers.

CAMPBELL COUNTY DETENTION CENTER 2006-2007 ANNUAL REPORT

Most inmates booked into the Campbell County Detention Center must be fingerprinted on the printrac machine. Inmates who come to our facility as a state inmate, who are here for non payment of fines or who are transferred from another facility are not required to be fingerprinted. This is required by the Kentucky Department of Corrections.

The printrac machine allows the electronic transmission of fingerprints to Frankfort, Kentucky. This allows the Kentucky State Police to check to see if the inmate is wanted on any outstanding warrant in any state. Personal identifiers are also provided. This system is also used for identification purposes for possible criminal involvement.

CLOSING REMARKS

It remains an unfortunate truth that inmate population all over the nation continues to grow at an alarming rate. Campbell County has completed the fourth phase of a five phase plan established to meet the future needs of our county's growing inmate population.

The County's new direct supervision 256 bed addition was erected with the least possible costs to the county. The dormitory style facility houses inmates who are mostly classified as minimum security. The inmates are allowed more privileges in the hopes that their behavior will be such that they will be allowed to remain in this type of housing.

Our goal continues to be providing a jail that meets or exceeds constitutional requirements and to do so at the lowest cost possible to the taxpayers of Campbell County. We will continue to maintain a safe and secure facility for both the staff of the Detention Center as well as the inmates of the jail.

We look to the future and the fifth and final phase of our overall plan for the jail to come to fruition.
